## Disasters:

### Declaration Number

No Disasters Found

## Narratives

### Areas of Greatest Need:

The areas of greatest need for targeting NSP funds were determined by reviewing the HUD developed foreclosure abandonment (F/C\_Aband) risk scores and problem foreclosure (F/C) rates for each census tract-block group (CT/BG) in the 127 Cook County municipalities. The 57 municipalities listed in the table below, ranked by geographic region, are the areas of greatest need based on a foreclosure abandonment risk score of between 10 and 8 and a foreclosure rate 7.0%. The F/C rate of 7.0% or greater was selected solely to prioritize CT/BGs as areas of greatest need and is only one of the factors used to evaluate a request for NSP funding. For example: Table 1 shows that the Chicago Heights municipality is also a CDBG entitlement located in the South region and has a total of 26 individual CT/BGs. 19 of the 26 CT/BGs have a foreclosure abandonment risk score of (10). A CT/BG (829000-2) has the highest foreclosure rate of 15.6% and 26 of 26 CT/BGs have a foreclosure rate 7.0%. All CDBG entitlements (less Cicero and Elgin) that did not receive a direct NSP allocation and did not meet the foreclosure abandonment risk score (10 - 8) and foreclosure rate (7.0%) thresholds were included based on updated foreclosure data and capacity to undertake NSP activities in their neighborhoods.

### Distribution and and Uses of Funds:

All Cook County municipalities and current CDBG and HOME affordable housing partners including non-profits and pre-qualified developers are eligible to participate in the following proposed NSP activities further described in Section G of this amendment:

- ,
- ,
- Homeownership Purchase and Rehabilitation
- ,
- Rental Housing Purchase and Rehabilitation
- ,
- Demolition
- ,
- Land Banking
- ,
- Homeownership Purchase and Redevelopment
- ,
- Rental Housing Purchase and Redevelopment
- ,
- Public Facilities Purchase and Redevelopment
- ,
- Green Building, Rehabilitation and Redevelopment
- ,
- Homebuyer Counseling
- ,
- ,

The Department will perform an analysis of all projects recommended for NSP funding and approve and distribute NSP funds on a project by project basis with priority given to those projects located in census tract-block groups or target areas listed in Table

1. As with PY 2008 CDBG and HOME projects, funding will follow need and there is no attempt to choose projects based on regions although the South region continues to demonstrate the greatest needs. The actual number and availability of foreclosed properties and individual ranking by risk score and foreclosure rate of census tract-block groups will change and municipalities may be added or deleted from Table 1. Tables 2 thru 4 in Appendix A reflect this dynamic situation and provide additional foreclosure data that will be used to continually update and distribute funds to those municipalities and census tract-block groups with the greatest need based on the following three stipulated need categories:

- Greatest percentage of home foreclosures;
- Highest percentage of homes financed by a subprime mortgage related loan; and
- Areas identified as most likely to face a significant rise in the rate of home foreclosures.
- Percentage of Foreclosures

The Department analyzed the HUD developed foreclosure rate data and established a foreclosure rate of 7.0% or higher in determining which areas to prioritize. RealtyTrac® pre-foreclosure, auction and bank owned data for each municipality was also reviewed to determine the actual number of properties the foreclosure rate data represented. This included the 9 of 12 CDBG entitlement municipalities (Oak Park, Des Plaines, Skokie, Oak Lawn, Schaumburg, Palatine, Hoffman Estates, Arlington Heights and Mount Prospect) that were added although they did not meet the foreclosure rate threshold of 7.0%. The number of pre-closure, auction and bank owned properties ranged from a low of 281 for Mount Prospect (outranking 27 of the 57 municipalities) to a high of 717 for Des Plaines.

**Subprime (High Cost) Loans**

The Department used HOME Mortgage Disclosure Act (HMDA) data provided by HUD to determine those census tract-block groups or areas that contained the highest percentage of homes financed by a subprime mortgage loan. The Department analyzed the data and established a minimum high cost loan rate of 50% or higher in determining which areas to prioritize. It is noted that 19 of the 57 municipalities in Table 1, excluding all CDBG entitlement municipalities, had foreclosure rates

**Distribution and and Uses of Funds:**

of 7.0% or higher and a high cost loan rate lower than 50%.

**Areas at Risk**

The Department used HUD developed foreclosure rate data of 7.0% or higher to rank the municipalities with the areas of greatest need. RealtyTrac® pre-foreclosure data was also reviewed to determine those areas that will likely face a significant rise in the foreclosure rate and actual number of home foreclosures. Municipalities, non-profits and pre-qualified developers will serve as the primary sources for continuously updating areas of greatest need by the three need categories through the initial requests for information that will be distributed with the NSP Amendment public notice and ongoing submission of project requests for NSP funding.

**Acquisition and Relocation:**

nbsp;	Low Income (50% AMI)	
Homeownership Purchase and Rehabilitation		12
Rental Housing Purchase and Rehabilitation		48
Homeownership Purchase and Redevelopment		10
Rental Housing Purchase and Rehabilitation		20
Public Facilities Purchase and Redevelopment		2

RELOCATION: All NSP-funded acquisitions of real property that have been foreclosed upon or are vacant/abandoned, are voluntary acquisitions and are exempt from Section 301 of the URA. Cook County's existing policy on real property acquisition states that "regardless of funding source the County will not fund any acquisition which requires relocation"; and, to minimize displacement, "no acquisition project shall be funded which requires any business or household to be relocated from the proposed acquisition site". Cook County will notify the owner in writing of the property's market value and the discounted value offered; notify the owner prior to making an offer that it will not acquire the property if an amicable settlement cannot be reached; and will not acquire the property if tenants are displaced. The County's Residential Antidisplacement and Relocation Assistance Plan sets forth the policy for minimizing displacement and providing relocation assistance to persons involuntarily and permanently displaced by CDBG activities; the Plan will apply by reference in the NSP agreement.

**Definitions and Descriptions:**

(1) Definition of blighted structure in context of state or local law.

A blighted structure is any structure unfit for use, habitation, or dangerous to persons or other property. In addition, a structure is blighted when it exhibits objectively

determinable signs of deterioration sufficient to constitute a threat to human health, safety, and public welfare. This includes structures showing evidence of physical decay

or neglect, excessive use, or lack of maintenance. Characteristics may also include any nuisance conditions including but not limited to:

Any Nuisance as defined by law, or

(a) Any residential property that poses a public nuisance which may be detrimental to the health or safety of children whether in a building, on the premises of a building, or

upon an unoccupied lot. This includes, but is not limited to: abandoned wells, shafts, basements, excavations, unclean swimming pools or spas, abandoned iceboxes,

refrigerators, motor vehicles, and any structurally unsound fences or structures, lumber, trash, fences, or debris which may prove a hazard for inquisitive minors;

(b) Unsanitary conditions or anything offensive to the senses or dangerous to health including, but not limited to, the emission of odors, sewage, human waste, liquids,

gases, dust, smoke, vibration or noise, or whatever may render air, food, or drink detrimental to the health of human beings;

(c) Physical conditions such as, but not limited to, old, dilapidated, abandoned: scrap or metal, paper, building materials and equipment, bottles, glass, appliances, furniture,

rags, rubber, motor vehicles, and parts thereof; or

(d) Physical conditions posing fire hazards,

(2) Definition of affordable rents.

Affordable rents shall mean the maximum allowable high and low HOME rents as applicable and as published by HUD from time to time.

These rents also include utilities.

If the tenant pays utilities, a utility allowance must be subtracted from the maximum allowable rent to determine the maximum contract rent.

Utility allowances shall be

calculated as they are currently calculated for Cook County HOME Rental Housing projects. The County will review and approve the rents charged on an annual basis.

The maximum affordable rents shall not exceed the Fair Market Rents (FMR) as published annually by the U.S. Department of Housing and Urban Development for the

Chicago-Naperville-Joliet Metropolitan Statistical Area (MSA). The FY 2009 FMR rents are listed below:

	Efficiency	1 BR	2BR	3BR	4BR
FMR	\$781	\$894	\$1,004	\$1,227	\$1,387

Source: U.S. Department of Housing and Urban Development, FY 2009 FMR

(3) Describe how the grantee will ensure continued affordability for NSP assisted housing.

All homeownership housing units assisted with NSP funds will be subject to the following HOME Investment Partnership Program (HOME) minimum affordability

**Definitions and Descriptions:**

r />restrictions:

- ,
- ,
- Under \$15,000 = 5 Years
- ,
- \$15,000 - \$40,000 = 10 Years
- ,
- Over \$40,000 = 15 Years
- ,
- New Construction = 20 Years
- ,
- ,

Cook County will ensure these long term affordability restrictions through the use of a mortgage that will be recorded against the property title.

If an owner who has been

assisted through this program transfers title of the property before the affordability period expires, the assistance provided by the County will be subject to recapture. The

County will monitor annually the housing units that are assisted with NSP funds during the affordability period to ensure that the specified units are affordable and that the

property(s) continue to meet minimum housing quality standards.

HUD is still in the process of refining the NSP regulations as to the use of HOME recapture provisions for NSP-funded rental housing activities. As a result, program

guidelines herein may be subject to change.

The regulations governing the minimum affordability period of the federal HOME program can be found at 24 CFR 92.252(a), (c), (e) and (f).

(4) Describe housing rehabilitation standards that will apply to NSP assisted activities.

Cook County's CDBG and HOME Policy and Procedures Manual written Housing Rehabilitation Standards for Owner Occupied Single Family and Multi Family

Residential Rehabilitation will be used for NSP Homeownership Purchase and Rehabilitation assisted activities.

The County's written Housing Rehabilitation Standards will be incorporated in the NSP agreements by reference.

All housing that requires rehabilitation must meet the applicable building codes of the municipality or local housing jurisdiction in which it is located. Local building codes and written rehabilitation standards take precedence if they are more stringent than County standards. If no code enforcement exists in the jurisdiction, the property will be governed by the current BOCA (Building Officials and Code Inspectors) Code for the State of Illinois. Cook County's CDBG and HOME written Housing Rehabilitation Standards will be used to describe in detail the specifications for the rehabilitation work needed to bring substandard housing into compliance with the State of Illinois BOCA Code.

**Low Income Targeting:**

Identify the estimated amount of funds appropriated or otherwise made available under the NSP to be used to purchase and redevelop abandoned or foreclosed upon homes or residential properties for housing individuals or families whose incomes do not exceed 50 percent of area median income:

Note: At least 25% of funds must be used for housing individuals and families whose incomes do not exceed 50 percent of area median income.

The County has set-aside \$7,130,000 in NSP funds, 25% of its allocation, for the purchase and rehabilitation or redevelopment of abandoned or foreclosed upon units to create housing for households earning up to 50 percent of area median income. These funds can be used to create either affordable rental or homeownership units.

The following table identifies the estimated amount of NSP funds to be used to purchase, rehabilitate, redevelop, resell or rent abandoned or foreclosed upon homes or residential properties for housing individuals or families whose incomes do not exceed 50 percent of area median income:

Activity	Low Income Households Targeted	NSP Funds Allocated
Purchase and Rehabilitation (Homeownership)	12	\$1,080,000
Purchase and Rehabilitation (Rental Housing)	48	\$3,600,000
Purchase and Redevelopment (Homeownership)	10	&nbs

**Low Income Targeting:**

p; \$1,250,000

Purchase and Redevelopment (Rental Housing)	20	\$1,200,000
Totals	90	\$7,130,000

It is anticipated that the majority of the funds set aside for households at or below 50% of AMI will be for rental housing. Any housing partner (non-profit or pre-qualified developer) proposing to do rental types of activities must have a proven track record in rental property management.

The County may provide other incentives for housing partners to assist special needs populations and who design creative mechanisms/programs to provide homeownership opportunities to low income households.

In the event that a single family housing unit does not sell in within a specified time (i.e.,6 months) to be identified in the NSP agreement, the County will require the unit be rented to an income eligible household.

**Acquisition and Relocation:**

ACQUISITIONS: As part of the acquisition process of foreclosed homes, if the cost to rehabilitate the unit is greater than fifty percent (50%) of the acquisition price, and/or the cost of acquisition and rehabilitation exceeds one hundred percent (100%) loan-to-value, the County will evaluate the property to determine if demolition is an option. If

demolition is economically feasible, the County will use non-NSP funds to construct a new unit.

In order to meet the federal requirement that the average purchase price of all foreclosed housing units acquired equals 10% -15% below appraised value, all properties purchased with NSP funds will be priced at least 10% below current appraised value.

- The County reasonably expects to demolish or convert the following number of low and moderate-income dwelling units (i.e., 80% of area median income) as a direct result of NSP-assisted activities:

Activity	Demolish	Convert
Land Bank	22 units	0
Homeownership Purchase and Redevelopment	0	16 units
Rental Housing Purchase and Redevelopment	0	30 units
Public Facilities Purchase and Redevelopment	4 units	0

- The County reasonably expects to produce and make available the following number of NSP affordable housing units to low, moderate, and middle-income households

(i.e., 120% of area median income) by activity and income level:

Activity &

**Acquisition and Relocation:**

	Low	Moderate Income	Middle Income	Income
Homeownership Purchase and Rehabilitation		12	12	12
Rental Housing Purchase and Rehabilitation		48	36	0
Homeownership Purchase and Redevelopment		10	6	6
Rental Housing Purchase and Rehabilitation		20	10	10
Public Facilities Purchase and Redevelopment		2	2	1

It is anticipated that the acquisition process will begin in February 2009 followed by the rehabilitation or demolition, land banking and redevelopment assistance as proposed for NSP projects selected throughout the year. The NSP project will be considered completed upon: transfer of property to an eligible homeowner, when the unit is rented to an eligible tenant, or project closeout activities have been completed. Funding for selected NSP projects must be committed by July 2010 and project activities must be completed by July 2013.

• The County reasonably expects to make available the following number of dwelling units for households whose income does not exceed 50 percent of area median income. (i.e., 120% of area median income) by activity and income level:

Activity &

**Public Comment:**

A total of thirty-five (35) telephone, email, facsimile and letter inquiries/comments were received and logged and are on file at the Department. Inquiries/comments included:

- General inquiries about participation in the program including presentation of the organization's experience and capabilities to support the County's NSP activities
- Expressions of expectations of the NSP program such as greater collaboration between neighboring municipalities and their housing partners resulting in joint solutions (the Amendment's only requirement is that: "the municipality in which the proposed project is located must approve the project request for funding".)
- Inquiries regarding NSP implementation strategies and approaches (relevant issues to be addressed in the project request for funding guidelines and the project review and approval process).

Twelve (12) County NSP requests for information were completed and submitted by 5 municipalities, 6 potential NSP housing partners and the Cook County Housing Authority.

Appendix C is a summary of responses to comments directly related to the draft NSP Substantial Amendment that were included in one or more of the 35 inquiries/comments received. Appendix C contains one (1) general comment and eight (8) specific comments on the following sections of the proposed NSP Substantial Amendment:

- Section C(4) Rehabilitation standards
- Section G NSP Implementation Guidelines
- Activity #1 NSP Financing Mechanisms
- Activity #6 NSP Homeownership Purchase and Redevelopment
- Activity #8 NSP Public Facilities Purchase and Redevelopment

The responses in Appendix C have been incorporated in appropriate sections of this final version of the NSP Substantial Amendment for submittal to the Chicago HUD Field Office.

The following is a projected timeline for the implementation of NSP activities:

Task	Date
Publish Amendment on County's Website	November 7, 2008
Solicit Requests for Information (RFI)	&
