

**TEMPORARY EQUIPMENT FOR REPROCESSING OF
CONSTRUCTION AND DEMOLITION MATERIAL**

COOK COUNTY DEPARTMENT OF ENVIRONMENT AND SUSTAINABILITY

AS REQUIRED UNDER THE PROVISIONS OF SECTION 30-388 OF THE COOK COUNTY DEPARTMENT OF ENVIRONMENT AND SUSTAINABILITY ORDINANCE: In order to receive a temporary rock crushing authorization from the Cook County Department of Environment and Sustainability (DES), this application must be submitted and completed in its entirety. If further space is required, include additional sheets as attachments to this form as needed.

Please type or print neatly. All questions are required. Failure to answer properly and completely may result in the rejection of this application. For example, "NA" for Not Applicable is not a proper response.

Length of Permit Requested:

Check one: One month (\$500) Two months (\$1,000) Three months (\$1,500)

Facility/Building Name: _____ **Facility Type** _____

Site Address: _____

Date of Application: _____ **Anticipated Start Date:** _____

Anticipated End Date: _____ **Anticipated Work Days:** _____
(M, T, W, Th...)

Anticipated Work Start Time: _____ **Anticipated Work End Time:** _____

(If the proposed hours are very early (before 7am) and late (after 5pm), then indicate how potential noise issues will be addressed in Section 9 (A))

Authorization shall be valid for no more than three (3) months and all crushing operations shall occur between 7am-5pm. If crushing is not completed within three months, you must re-apply for another permit and submit another payment.

Fee: Enclose a check in the appropriate amount based on the length of the permit being requested (\$500/month, up to three (3) months), payable to: Cook County Collector, as specified in Chapter 30-392(d) of the Municipal Code.

Note: In addition to completing this application, you must obtain an equipment registration permit (ER) and a certification of operation (COO) for all reprocessing equipment used on-site as required under Section 30-151 and Section 30-183 respectively of the Municipal Code. Information on obtaining an ER and COO, in addition to the on-line application and payment process, is available at <https://www.cookcountyil.gov/agency/environment-and-sustainability>.

<u>Applicant/Contractor's Information:</u>			<u>Property Owner/Developer Information*:</u>		
_____			_____		
Name	Phone Number		Name	Phone Number	
_____			_____		
Address			Address		
_____			_____		
City	State	Zip Code	City	State	Zip Code

*If the developer is a partnership or corporation, include as an attachment to this form the names, addresses, and phone numbers of all persons holding a share in the partnership or corporation.

1. Provide property owner’s written and signed consent to the reprocessing activity and temporary storage of reprocessed materials. Written consent must explicitly approve the operation of a Rock Crusher on the property. If Title of Property is held in trust, attach to this form the names and addresses of all beneficiaries and other persons authorized to deal with the property.

2. Check the specific types of material to be reprocessed
 Broken Concrete Bricks Rock Stone Paving Asphalt

3. Estimate of the total quantity of material to be reprocessed and used onsite (in tons):

4. Explain how the total quantity of material to be processed was calculated:

5. Describe about Location and Height of Stockpiles at the Facility: *(As per Sec 30-393 (b) At no time shall the height of reprocessible or reprocessed material and other materials brought on the site exceed 30 feet)*

6. Describe:
A. The planned end-use for the reprocessed material. Indicate on the site sketch (see #10) where the reprocessed material will be used onsite:

B. The planned end use of the subject property once construction and demolition activities are complete (retail, industrial, residential, vacant, unknown, etc.) and estimated date of re-development:

7. Name and location of all permitted facilities where incidental debris will be disposed (if applicable). Incidental debris refers to any non-reprocessible demolition debris left onsite by the demolition contractor including uncontaminated dirt, metal, mortar, gypsum, plasterboard, wood, and sand which are derived from a construction or demolition site and intermingled with reprocessible material. Such incidental debris must be disposed of at a properly permitted facility. Under no circumstances shall incidental debris be disposed of onsite.

Name: _____ Address: _____
Name: _____ Address: _____
Name: _____ Address: _____

8. Name and location of all permitted facilities where crushed/reprocessed material not used onsite will be sent (if applicable):

Name: _____ Address: _____
Name: _____ Address: _____
Name: _____ Address: _____

9. Describe the methods, processes, equipment, etc. that will be used to control:

A. Noise

B. Dust emissions

C. Trackout (mud/debris that may accumulate on the public way when a truck enters/leaves site)

10. Provide a complete site sketch or aerial photograph, to scale, indicating property boundaries, locations of the reprocessing equipment, raw material stockpiles, finished product stockpiles, and all water sources. Site plans must be 8 1/2" x 11" or 11" x 17" in size only. Blue prints are not acceptable for site plans.

11. Section 30-393 of the Municipal Code states that no reprocessing device or stockpile of reprocessible construction/demolition material or of reprocessed construction/demolition material shall be located within 200- feet of any schools, childcare facilities, hospitals, and residential buildings or mixed-occupancy building with a residential use; and within 100 feet from other buildings, public ways, and parks. Indicate the distance and direction to all of the following within a half mile of the site:

- A. School: _____ feet; Direction: _____
- B. Childcare facility: _____ feet; Direction: _____
- C. Hospital: _____ feet; Direction: _____
- D. Residential of mixed occupancy building: _____ feet; Direction: _____
- E. Other building: _____ feet; Direction: _____
- F. Public way: _____ feet; Direction: _____
- G. Park: _____ feet; Direction: _____

12. Certification By Applicant/Contractor (*Applicant/Contractor must attest this certification*):

I certify that I have personally examined and am familiar with all the information submitted in response to the questions contained in this application and the attached document(s), and that based on my inquiry of those individuals immediately responsible for obtaining the information. I believe that all information submitted is true, accurate and complete. I also certify that only materials generated from Site demolition activities will be reprocessed at the Site and such reprocessed materials will be used only at the Site or will be taken to permitted facility (or pursuant to an approved government-to-government transfer).

Name: _____
Title: _____
Company Name: _____
Mailing Address: _____
Phone Number: _____ Fax Number: _____
E-mail address: _____
Signature: _____

13. Certification By Prepares (*If the prepare is not an applicant*):

I certify that I have personally examined and am familiar with all the information submitted in response to the questions contained in this application and the attached document(s), and that based on my inquiry of those individuals immediately responsible for obtaining the information. I believe that all information submitted is true, accurate and complete. I also certify that only materials generated from Site demolition activities will be reprocessed at the Site and such reprocessed materials will be used only at the Site or will be taken to permitted facility (or pursuant to an approved government-to-government transfer).

Name: _____
Title: _____
Company Name: _____
Mailing Address: _____
Phone Number: _____ Fax Number: _____
E-mail address: _____
Signature: _____

**Once complete, mail this application and check
(payable to Cook County Collector) to:**

Temporary Rock Crusher Permit
Cook County Department of Environment and Sustainability
