# WELCOME TO COOK COUNTY

Dear Vendor,

Thank you for your interest in doing business with Cook County. The goods and services offered by the vendor community to our County agencies, departments, and separately elected officials are crucial to improving the lives of our residents. From technology investments to modernizing our justice system to transportation and infrastructure

improvements, collaboration between the County and its vendors is key to making Cook County a better place to work and live. It has been an immensely challenging year for everyone during the COVID-19 pandemic. Through it all, our procurement office has worked tirelessly to rise to every challenge including providing the same quality services remotely and our vendors have also stepped up during these extraordinary times.

In my administration's drive to improve services and be more transparent and accountable, our procurement office has worked to streamline the process and make it more open and accessible to vendors and residents. By embracing a more transparent and visible procurement process, vendors, particularly small and minority/ women owned businesses, have greater opportunities to obtain information and resources. Along this line, I'm pleased to highlight a recently launched improvement to the procurement operation -- an upgraded Contract Opportunities page at the Office of the Chief Procurement Officer's home page. While there's an aesthetic change, the new functionality is one-click links to the contract opportunities for our County Sister Agencies. We're unbundling the County and making it easier for vendors to find and learn about the other contract opportunities available county-wide. It's through initiatives like this that the County's procurement operation is being more transparent, inclusive, and competitive.

While the Contract Opportunities page provides real-time information about our contract opportunities, you can also gain advance insight into our Fiscal Year 2021 contract opportunities through this Mid-Year Buying Plan. There's helpful information about our procurement operation in this Mid-Year Buying Plan especially the FY21 Upcoming Buying Schedule, and as you'll see we have a robust procurement schedule for the upcoming year. This Buying Plan, the workshops the procurement office provides, and Procurement's home page are important resources for you to learn about County procurement which will aid you in making the important business decisions you need to make regarding doing business with the County.

Should you have any questions regarding this Mid-Year Buying Plan or the procurement process please feel free to contact the procurement office. Thank you again for your interest in doing business with Cook County. We look forward to working with you.

Sincerely,

Precevinde

Toni Preckwinkle Cook County Board President

### **GREETINGS AND** WELCOME . . .

#### TO THE 2021 COOK COUNTY GOVERNMENT MID-YEAR BUYING PLAN.

The Office of the Chief Procurement Officer of Cook County (OCPO) is responsible for procuring the goods, services, and construction necessary for the Offices under the President of Cook County and Cook County agencies. The OCPO accomplishes

this through an open, competitive and transparent procurement process which seeks to leverage overall County volume to lower costs for the taxpayers of Cook County.

As part of the OCPO's efforts to achieve a competitive procurement process, we undertake outreach efforts including publishing the annual Buying Plan. The Buying Plan is meant to provide insight into the OCPO's operations. It is also a resource that can answer questions about procurement at Cook County and help parties interested in doing business with Cook County plan for future solicitations. Minority and Woman Owned Business Enterprise participation in County contracts is important, which is why in this plan you will find information from the County's Office of Contract Compliance and a list of the Assist Agencies who you may liaise w for MBE/WBE participation.

In addition to procuring goods, services and construction, the OCPO also administers the County's surplus auction. You will find information regarding what equipment and material is auctioned and how to participate inside this plan.

This Mid-Year Buying Plan is not the only resource regarding procurement at Cook County the OCPO We encourage you to also visit our website at cookcountyil.gov/procurement. Thank you for your interest in doing business with Cook County.

Sincerely, Raffi Sarrafian Chief Procurement Officer

# JUSTICE ADVISORY COUNCIL OPPORTUNITIES

The Cook County Justice Advisory Council implements Cook County Board President Toni Preckwinkle's public safety policy and criminal and juvenile justice systems reform efforts, ensuring systematic community supports to increase public safety.

Each year, the JAC enters into numerous Professional Services and Professional Social Services Agreements with local human services providers. These contract opportunities include:

- Support public safety
- Help ensure that Cook County's youth achieve their best opportunities for success
- Deliver resources to individuals with justice-system involvement, to reduce future system involvement.

In the past year, over 100 such contracts have been offered to vendors in Cook County. These vendors deliver:

- Healthcare opportunities to youth and adults, including behavioral health and clinical services
- Housing supports
- Employment and entrepreneurship opportunities such as job training and placement
- Counseling and community supports
- Education and financial literacy programming
- Legal services for County residents, including expungement assistance and help obtaining eligible benefits.

The JAC releases requests for proposals and requests for qualifications throughout the year and invites vendors who provide human services such as those listed above to sign up for our email distribution blast by sending an email to JACInfo@ cookcountyil.gov.

The JAC shares news of open opportunities frequently and offers guidance on utilizing the Cook County Procurement website to download opportunities. For additional information, contact Wynetta Scales at Wynetta.Scales@cookcountyil.gov.
